Title: Orc Battle Plans

Author: Grub Clan Captain  
-----

\*You see battle plans  
drawn up by the Orc  
Captain. Most of it is in  
untelligible Orcish, but  
some key words appear\*

Ug, der warboss send our  
ladds to snakespit waters  
for bluff. Keep tinmen  
busy while work is done.

\*You see what appears  
to be an Orc "signature"  
but is really just a  
couple of teeth marks  
pressed into the  
parchment.\*
